

DO NOT CONTACT POLICY

If you don't wish to receive telemarketing communication from us, call us at 866-957-7772 to be put on our Do Not Contact List, contact us via the Boost Infinite App, or use the Do Not Contact Request form online. Please include your name, address, email address and all phone numbers you want included on our Do Not Contact List when you make your request. If your contact information changes, please notify us of your new name, address, email address and/or phone number(s) to remain on our Do Not Contact List accurately. We'll remove your name and information from our active lists as soon as possible, but no more than thirty (30) days after you ask us to do so.

If you want to add your number to the National Do Not Call List, call 1-888-382-1222 (voice) or 1-866-290-4236 (TTY). You can also register at donotcall.gov.

Being on our Do Not Contact List restricts telemarketing communications only. We may continue to contact you about service-related issues, surveys, billing, and other account-related topics at any time.
