

Report Unwanted Text Messages

Spam messages are annoying, and can be fraudulent or illegal. Boost Mobile works to prevent spam, robotext, and other unwanted messages from reaching you.

To report fraudulent and spam text messages, you may:

- Message the spam number “+12223334444” to 7726.
- Email the spam number to roboblocking@boostmobile.com with relevant details.
- Call us at Boost Customer Care: (833) 502-6678.
- Submit a [Spam Report](#).

To block outbound messages from your own number, please call Customer Care at (833) 502-6678.

If you believe your number has been blocked in error, please email “roboblocking@boostmobile.com” from your registered email address with details and any evidence you may have that your number was blocked erroneously.
